

Safeguarding Statement for Young Carer

Safeguarding Statement for Young Carer

Signposts Young Carers Project

Safe and Well Safe and Well

All the people that you meet at this project will want to help to keep you safe and well.

How will we do this?

1) We will make sure that we only have people working or helping in the project that we have chosen very carefully (maybe with your help).

2) They will be special people who have learned and continue to learn about the dangers young people can face and how to avoid them.

3) They will try to help you to make sense of things that puzzle you.

4) They will give you tips about keeping yourself well

5) They will listen carefully to your worries even if you think they are silly

6) They will help you to make choices about healthy eating, exercise, safe relationships, the environment and anything else that may affect your wellbeing.

7) They will give clear instruction when we do activities or go on outings and we need you to listen and act upon those. We will have asked your parent or carer to sign a form to say that they are happy for you to take part.

8) We have some guidelines about treating each other with respect and not being unfriendly, unfair or impolite to each other. We expect everyone to follow them.

9) If anyone chooses not to follow them and the issue can not be resolved, we would have to consider asking that person to leave the project.

10) We will encourage you to tell someone if you are worried or afraid or you would like some information about something.

11) We have written guidance within the projects that has to be followed by all people who work or spend time with other people's children. You are welcome to see them anytime. Our Policy statement about Safeguarding (keeping safe and well) is where anyone can see it.

I have read and signed this paper

I understand it
